Lavandula stoechas 'Winter Bee' uspp#20840

If your looking for a compact massive ball of bumble bee like fragrant lavender flowers to stop you in your tracks, look no further! (Flower spike is 3cm and bract is 1cm).

Lavandula stoechas 'Winter Bee' has an amazing immense bundle of "Sea Lavender" (# 6 37/ 2) colored flowers, on sage green foliage (ooo861/1). The new growth and flower buds continuously appear on a 30cm (12 inch) high rounded perennial. Blooming likely 3 weeks earlier in Spring than other stoechas varieties.

Zone 6-9
