

FROM PRIDE OF PLACE PLANTS

Echinacea purpurea *Green Envy*[™] USPP #20911

Unique, eclectic, specimen
are just a few descriptions of this
pretty two-toned, lime green,
daisy shaped flower

- Color - lime green with rose-colored rays towards center
- Prune - remove the faded flowers often and Green Envy will bloom for a very long time
- Height - approximately 3 feet, stands strong in winds and rain
- The long stems are very good for cut flowers or for showing off in containers or garden as an unusual accent
- Blooms July through summer
- Zone 4-9, loves sun
- Deer resistant
