

**NEW** FROM PRIDE OF PLACE PLANTS

# Clematis hybrid “Chloe”™

USPP#27665 from Hong Kong, China, Integrifolia group

## New Clematis Chloe is a compact blooming machine!

- Showy vivid violet colored bell shaped flowers are accented by white to violet filaments tipped with yellow anthers
- Flowers: 3”–4” diameter, unique narrow wavy sepals with prominent ridged bars coming to a point
- Fruit heads that are persistent, adding a bonus feature
- Foliage: ternate, mid green on herbaceous stems
- Culture: easy care, no clematis wilt, roots quickly and easily
- Blooms: May–October
- Zone: cold hardy, 4–9 heat tolerant
- Prune: Easy Group 3, shear mid season blooms on new growth
- Size: compact 24” x 24”
- Sun or slight shade
- Use: fabulous for blooming hedge, compact for containers or the garden
